LIGHT CONTAINER

800X1200 H1200

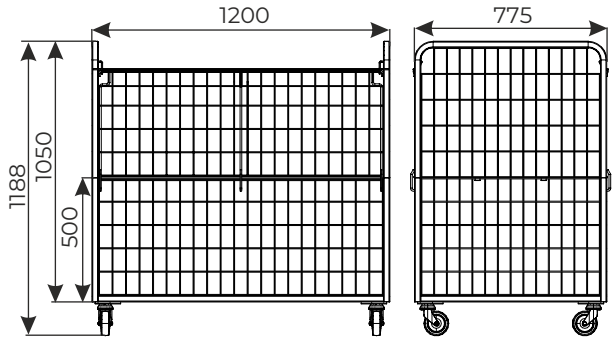

Hinged hatches in the container

It's a practical solution for transporting and storing light loads in warehouse, distribution centers and retail environments like stores or service points. With its large base and a functional design it's suitable for handling cartons, boxes, display materials and other lightweight items. Fold-down side flaps allow users to load goods easily while swivel castors ensure smooth and effortless mobility.

DIMENSIONS:
