ORDER PICKING TROLLEY

# 880X460 H-1240

An order picking trolley designed to support efficient and comfortable order fulfillment. It facilitates handling of light and small-sized items in warehouses, logistics centers, retail stores, as well as hotel and catering facilities.

## DIMENSIONS:

## PARAMETERS:

**Technical data:** A solid, foldable and bolted construction made of durable steel sections ensures stability and long-lasting performance during daily operation. Wire shelves with height adjustment every 110 mm allow easy configuration to suit different types of goods. Each shelf is equipped with a plexiglass cover to prevent products from falling out, additionally covered with non-slip grooved rubber to increase the stability of the transported goods. Four swivel casters, including two with brakes, ensure smooth maneuverability and safe parking.

**Optional equipment:**
- Plexiglass covers with non-slip coating
- Wire basket

**Wheel diameter:** Ø100 mm
**Standard coating:** galvanized zinc + lacquer
**Load capacity:** 200 kg
**Shelf loading:** 50 kg
