ELECTRONIC ENTRANCE GATE

PORTA'E INFRA

A simple and effective access solution for public and commercial spaces. Gate can be available in two option: right or left - opens in right side or left side. The gate opens automatically in the direction of entry as you approach it. The gate closes also automatically.

Installed “anty-panic” system prevents from opening a gate in opposite direction. This system allows you to open an emergency gate at the appropriate pressure despite the blockade.

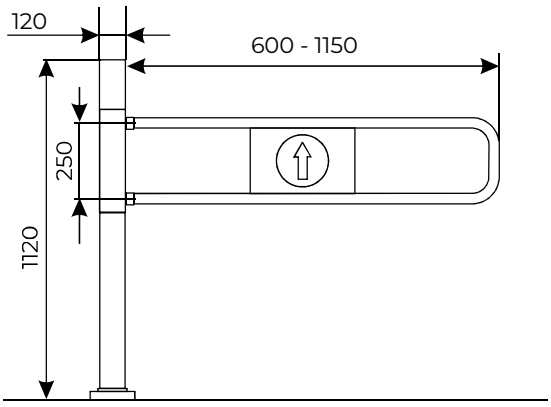

Gate attached to the ground.

ADDITIONAL EQUIPMENT:

As an option, it is possible to mount an arm to the gate:
- plexiglass (thickness 8 mm),
- with engraved drawing,
- illuminated (the effect of lighting is visible on the engraved drawing and on the edges of the arm).
